

FOR IMMEDIATE RELEASE

ABM UK RETAINS LONDON'S CITY HALL CONTRACT

May 2019 – Following a rigorous tender process, ABM UK is delighted to have been awarded a further five-year contract with the Greater London Authority (GLA) to provide City Hall - one of the capital's most iconic buildings - with office and public area cleaning and portage services. The win follows several recent contract awards for prestigious local government and commercial office, banking and finance environments.

ABM will deliver daily housekeeping, cleaning, portage, hygiene and laundry services as part of the contract for The GLA's prestigious headquarters in Southwark and also their demised space within the London Fire Brigade's HQ.

The retention will see ABM's attentive and collaborative approach to embedding sustainable practices continuing, including the use of water-based cleaning solutions and products which are 100% environmentally-friendly. In addition, as a high-profile building, maintaining a clean, safe and welcoming environment will continue to be at the top of the company's agenda, delivered by a flexible, experienced and hard-working team.

John McPherson, ABM UK Managing Director, commented: "We're incredibly proud to have retained this contract and to be paying the London Living Wage as a minimum to each member of the team. We look forward to working closely with the GLA to provide an adaptable, customer-focused service which ensures that its staff and visitors experience a safe, clean and well-run environment."

A facilities management specialist in cleaning, security, mechanical & electrical maintenance, critical and guest services, ABM's clients include: The Greater London Authority; Transport for London; The O2; British Land; Hammerson; Savills; and London's Heathrow Airport.

ABOUT ABM UK

ABM UK employs around 6000 people with offices in London, Leeds, Glasgow, Dublin, Bristol and Bolsover, and current customers include major international banks and law firms, iconic retail and leisure venues, concert halls, public buildings, transportation centres and airports.

ABM UK's comprehensive capabilities include cleaning, security, electrical & lighting, energy solutions, facilities engineering, HVAC & mechanical, data centre cleaning, landscape & turf, and parking, provided through stand-alone or integrated solutions. ABM UK provides custom facility solutions in urban, suburban and rural areas to properties of all sizes — from shopping centres to commercial buildings, data centres, manufacturing plants and airports.

ABM UK will continue to grow the business organically, focusing on showing clients the benefits of integrated facility solutions, its self-delivery model and its investment in people, of which ABM UK's state-of-the-art training centre in Greenford, Middlesex is the most permanent statement of intent. ABM UK has a comprehensive apprenticeship programme, as well as a scholarship scheme that allows people who made a false start in life to learn a trade.

ABM UK is a subsidiary of ABM, a leading provider of facility solutions with revenues of approximately \$6 billion and over 100,000 employees in 300+ offices throughout the United States and various international locations. ABM Industries Incorporated, which operates through its subsidiaries, was founded in 1909.
