

JOB DESCRIPTION

JOB TITLE: Maintenance Electrician

LOCATION: Silverburn Shopping Centre, Glasgow

REPORTING TO: Contract Manager

OUR VALUES AND BEHAVIOURS

Respect - This means respecting each other, great communication, valuing contributions, respecting differences and supporting one another.

Collaboration - This is all about teamwork and remembering that we are all working towards the same goal. It's also about how we work with our clients and their other suppliers. We are one team!

Integrity - This is about being honest, reliable and trustworthy and always delivering on promises.

Innovation - This is about striving to always improve, working smarter, coming up with new ideas and having the confidence to share them. At the same time it's about embracing change.

Excellence - This is all about striving to be the very best brand ambassador, exceeding expectations to build value and give us and our clients a real competitive advantage.

Trust - This is all about being consistent, organised and reliable. It's also about doing what you say you are going to do and not promising what you can't deliver.

OVERVIEW OF JOB DESCRIPTION

Electrically biased trades person based on site within a team of operatives undertaking planned preventative maintenance (PPM) and repair of mechanical and electrical equipment, and building fabric within a retail property environment.

Main Duties & Responsibilities:

- To carry out planned and reactive maintenance as instructed by the Contract Manager. Including, but not limited to fault finding, test, repair and preventative maintenance of electrical building services equipment; and other electrical duties in support of the rest of the team. Duties will also include carrying out various non-specialist building fabric maintenance tasks.
- To close / update completed PPM tasks on the site computerised maintenance system.
- Ensure engineering standards are maintained in order to maximise the operation effectiveness and reliability of the plant and associated systems.
- To ensure company QA and site procedures are adhered to in all aspects.
- Ensure Company & Site, Health & Safety procedures are followed at all times.
- Maintain accurate site records/documentation in association with all site works.
- To inspect the condition of services and proactively deal with call-outs/repairs as required, and requested by management
- Attend site emergencies, outside of normal working hours.
- Carry out tasks within typical plant room environments and at high level, working from platforms and ladders. All access and PPE will be provided

- Keep and maintain all company issued tools in a safe and serviceable manner.
- To proactively work towards the continued success and support of the contract with a positive approach.
- Comply with ABM Health, Safety and Environmental procedures, as detailed in the site plans.
- Complete any other associated task requested by the management. This may include taking part security related tasks such as assisting with searches of the premises.
