

ABM UK IN TOP 3% OF ACCREDITED SECURITY COMPANIES IN UK WHILE TEAM BECOMES FINALISTS IN SECURITY OSCARS

March 2022 – ABM UK’s annual Approved Contractor Scheme (ACS) security audit has placed the facilities solutions provider into the top 3% of accredited security companies in the UK. The latest independent audit by the Security Industry Authority shows year-on-year improvement from a place in the top 5% in 2021, and top 10% in 2020.

Establishing its position as a partner of choice, ABM’s inclusion in the top 3% means clients and prospects will have a transparent view of high standards it is committed to. Likewise, being awarded three industry best practices by the auditor demonstrates performance far above the industry standard.

The news comes as ABM team members become finalists in two categories in the 2022 Outstanding Security Performance Awards. Nominated for outstanding professionalism and agility in a highly pressurised situation, the award nomination demonstrates the world-class training and execution which ABM employs.

Chris Middleton, at ABM UK says: “It’s been a great start to 2022. Our team is one of the leading providers of security services in the country and receiving awards nominations and this exclusive membership by the Approved Contractor Scheme is a testament to their expertise and credibility.”
