

## ABM Security Teams win RAC Awards

We are beyond proud of our ABM security team members for the crucial work they do everyday. Today we have two teams in particular in mind who have won awards at this year's Retailers Against Crime annual conference.

The Fort Kinnaird and Glasgow Fort teams each won "Outstanding Contribution" prizes for their industry leading expertise, and meticulous work which has led to identifying offenders and alerting connected retailers. As the full teams were unable to attend the conference, Stephanie Karté, National Operations Manager for Retailers Against Crime visited both sites to personally deliver the award.

It is fantastic to see the teams' commitments being recognised by external organisations. Extremely well deserved.

Thank you to Matt Auld, Gurpreet Singh, James Stevenson, Richard Thomas, Craig Hamilton and Stuart Robertson from Fort Kinnaird as well as Darren Russell, Gregg Harkins, Robbie Watt, Declyn Donachy and Darrel Gibson at Glasgow Fort.
